MOTOROLA TALKABOUT® MC220 TWO-WAY RADIO SERIES

One of the rugged "Value Series" models, the MC220 has a range of up to 16 miles* and is designed specifically for active families. Combining General Mobile Radio Service (GMRS) technology with the Motorola engineering, this radio is ideal for active outdoor communications.

FUNCTIONAL NEW DESIGN

The Talkabout® MC220 is designed for great looks, as well as solid, functional, weather-resistant operations. The sleek rugged housing protects the radio whether it's being used on the playground, in the neighborhood or at the mall.

FULL-FEATURED PRIVACY

The Talkabout® MC220 has full 22-frequency capacity, with 38 privacy codes to reduce interruptions. The Motorola QT functionality allows the radios to be set so they can communicate with other compatible Motorola products, adding yet another level of distinction from the other manufacturers.

ACCESSORIES FOR OPERATIONS

This model features an accessory connector, permitting use of a headset for easy hands-free operation.

POWER TO SPARE

These radios are sold in pairs — just charge up the built-in NiMH power source or drop in three AA batteries and you're ready to start talking.

PRICING

Manufacturer's Suggested Retail Price is \$44.99 (NiMH) per pair. Also available: Model MC225R (Digital CAMO pattern) with MRSP \$54.99 per pair (NiMH).

FOR ADDITIONAL MEDIA INFORMATION, CONTACT: COLLEEN PHILBRICK, 912-604-1950 OR PHILBRICKPR@BELLSOUTH.NET. FOR DEALER OR CONSUMER INQUIRIES, PLEASE CALL 1-800-638-5119.

*How far can I expect my radios to communicate? The communication range quoted is calculated under optimum conditions, with an unobstructed line of sight. Actual range will vary depending on terrain and conditions, and is often less than the maximum possible. Your actual range will be limited by several factors including, but not limited to, terrain, weather conditions, electromagnetic interference and obstructions.
