

**GIANT INTERNATIONAL ANNOUNCES
NEW TEAM REALTREE® TWO-WAY RADIO
IN REALTREE HARDWOODS GREEN HD®**

LAS VEGAS, NV (Feb. 12, 2004) – Realtree® and Giant International today introduced the Team Realtree® two-way radio in the Realtree Hardwoods Green HD® camouflage pattern. These rugged two-way radios are specifically designed to meet the communication needs of hunters in the field.

"We at Team Realtree are extremely pleased to be working with Giant to offer our customers high-quality two-way radios for use in the field," said Bill Jordan, founder of Realtree. "With the quality and rich feature set Team Realtree products are known for, these two-way radios enhance the outdoor lifestyle. Now, when you've got that big buck in the bag, help to get him out is just a quick radio call away."

With a range of up to five miles,* Team Realtree two-way radios are tailored for outdoor communications. The 38 Interference Eliminator Codes provide superior interference protection, and the voice activation (VOX) feature enables hands-free communication.

Packaged with rechargeable NiCd battery packs and double charger, the Team Realtree radios retail for \$59.99 per pair.

The Team Realtree radio is part of Giant International's overall efforts to appeal to the hunting lifestyle by incorporating the award-winning camouflage

patterns throughout its two-way radio line. Giant has a three-year license agreement with Realtree to utilize the respected feature-rich camouflage patterns in its sports and outdoor line, which includes the Team Realtree radio in Hardwoods Green HD and the Motorola Talkabout® models in Advantage® MAX-4 HD™. The Team Realtree radio joins the Team Realtree Signature Collection that features products from leading manufacturers such as Nikon, Timex, Chevrolet and Coleman.

About Giant International

Atlanta-based Giant International, Ltd. is an emerging leader in the development of wireless communications devices for the global market. Giant leverages their low-cost manufacturing capabilities and unique distribution channels in their strategic market alliance with Motorola, in the Family Radio Service (FRS) and General Mobile Radio Service (GMRS) radio markets. Giant has teamed with communications leader Motorola to provide distinctively designed, state-of-the-art wireless communications products to the U.S., Canadian, Latin American, Australian and European markets.
