MOTOROLA TALKABOUT® T5530 TWO-WAY RADIO SERIES

The Motorola Talkabout® T5530 has no busy signals, no roaming charges and millions of free minutes to be used any time of the day or night. And with a range of up to 8 miles*, this two-way radio is perfect for families and groups who want to talk.

With a compact and rugged design, the T5530 is light enough to fit in a pocket and sturdy enough to take anything that is thrown its way. Take it to the lake to keep in touch while boating, or stick it in your child's pocket so they can communicate with you without racking up expensive charges or relying on cell towers.

INTERRUPTION-FREE COMMUNICATION

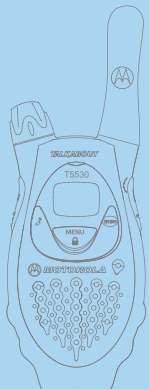

The T5530 has a full 22-channel capacity each with 38 privacy codes, giving you 836 combinations to choose from. The QT™ (Quiet Talk) interruption filter, exclusive to Motorola Talkabout® radios, can prevent other manufacturers' radios from being heard on your channel, allowing you to chat with your friends without being heard by others.

HANDS-FREE COMMUNICATION

Is your child really going to take time away from the game to talk with you on the phone? No need with the T5530. The iVOX feature allows them to speak hands-free. Acting as a speakerphone, the iVOX lets you chat without stopping what you are doing to ensure that there is never an excuse to not keep in touch.

PRICING

Manufacturer's Suggested Retail Price is \$39.99 (NiMH) per pair.

***How far can I expect my radios to communicate?** The communication range quoted is calculated under optimum conditions, with an unobstructed line of sight. Actual range will vary depending on terrain and conditions, and is often less than the maximum possible. Your actual range will be limited by several factors including, but not limited to, terrain, weather conditions, electromagnetic interference, and obstructions. Please visit www.giantintl.com/range for further information.
